

AMERICAN SOCIETY OF GAS ENGINEERS

ASGE News

January 2007 – *Our 54th Year*

HAPPY NEW YEAR!

Daryl Hosler, ASGE President

Happy New Year to everyone! I hope everyone had a great Holiday Season, and that you are looking forward to a great 2007. At the National Level, we are starting off the New Year with more planning meetings, in preparation for the 2007 Technical Conference at the Red Rock Resort and Casino, June 14-17, 2007 in Las Vegas,

PRE-REGISTER NOW FOR ASGE NATIONAL TECHNICAL CONFERENCE

-

Nevada. There is a lot of work for the volunteers to do and every time one part of the project is finished, another set of details needs to be addressed right away.

We have also continued our efforts to update the national website (www.asge-national.org) and you can now pre-register for the 2007 Technical Conference on the

AMERICAN SOCIETY OF GAS ENGINEERS

President's Page

Daryl Hosler

web site. This pre-registration is very helpful in our planning efforts, and will be followed up by a complete registration form in the spring. Please take a look at the website and click the "National Conference" button to pre-register.

The Certified Gas Engineer Study Guide, developed by ASGE member Ralph Jennings, is nearly ready for publication. The guide has undergone several technical reviews, and that process is nearly complete. We have some formatting work to do to get it ready for printing, and our goal is still to have it available for purchase by the end of January, or early February. I think you will find the guide very useful, both as a study

guide for the CGE Exam, and a gas industry technical resource. Information on pricing and availability will be given to you once we know when the guides will be printed.

Our plan is to use the ASGE web site to communicate information on the national conference, and other ASGE news. We will be contacting you either by e-mail or through a newsletter to let you know when new information is available. If we do not have your e-mail information, or you need to update your contact information, please use the "Update My Information" button on the website to get us the information. It is sent directly to Jerry Moore, our Executive Director, who will then update our roster. This information is used exclusively for ASGE contacts, and will not be sold or distributed.

2007 is already shaping up to be a very busy year. I look forward to communicating with you about the upcoming Technical Conference and seeing you in Las Vegas.

AMERICAN SOCIETY OF GAS ENGINEERS

APPLICATION FORM - ASGE CERTIFIED GAS ENGINEER

Fee: \$150.00 (Remit by check or money order only). Make check payable to: American Society of Gas Engineers.

This application must be clearly printed or typewritten, and signed.

Name _____

Mailing Address _____

Telephone _____

E-Mail _____

I certify under penalty of perjury that the information on this application is true and correct.

Signature of Applicant Date

Your cancelled check will acknowledge receipt of your application and fee. Application fees are not refundable.

Your application will be processed in the order it was received. Allow eight weeks for processing.

If you pass the Certified Gas Engineer Exam and certification is granted, you will be sent a notice of when and where to appear to receive your certificate.

Please note that certification is granted by the Board of Directors of the American Society of Gas Engineers.

The purpose of this program is to certify individuals who have knowledge of fuel gas safety and of the practices of fuel gas safety, and who have been trained in the art and science of fuel gas engineering.

Send completed form and check to:

American Society of Gas Engineers
P.O. Box 66
Artesia, CA 90702
