

ASGE

American Society of Gas Engineers

MESSAGE FROM THE PRESIDENT

Hello Members of ASGE,

The time is drawing near for the annual conference. This edition of the newsletter is a reminder for everyone to sign up for this year's conference. Our Vice President Eric Bruton has been working very hard to line up a variety of speakers for this year's presentations and we have a great selection of speakers who will be presenting topics for everyone. We also have the CGE exam and our annual golf outing. If you have not taken the CGE exam I hope, you will consider taking the test either now or later in the year, but if you feel ready, sign up to take the exam in Las Vegas and enjoy the conference as well. This year is also our change of command as we bring in new officers and directors. If you have not cast your vote, make sure to do so soon. I look forward to seeing everyone and hopefully to have a record turnout of members. Come, learn, and have some fun in June.

Ray Maddock, CGE
 President of ASGE

South Point Reservation: 866-791-7626 – reserve by 5/3/19 (\$70 per night Sun-Tue + \$0 resort fee) – Group: ASGE Annual Technical Conference

The ASGE National Technical Conference is sponsored by the following ASGE Corporate Members: **American Gas Association * CSA Group * Wolf Appliance ***

Technical Presentations

Samir Barudi – RH Peterson

Topic: Samir will be concentrating on an aspect of combustion.

Rick Vlahos – Hearth, Patio, & Barbeque Education Foundation and National Fireplace Institute (HPBEF & NFI)

Topic: Installation practices of Hearth, Patio, Barbeque, & Fireplace Appliances – Differences, Designs, and Dilemmas

Richard Meyer – AGA

Topic: Energy Opportunity and a thoughtful pathway to emissions reduction/ The impacts of Policy-Driven Residential Electrification. This will be a gas industry point of view and opinion of Residential Electrification.

Michael Garrett – Regal

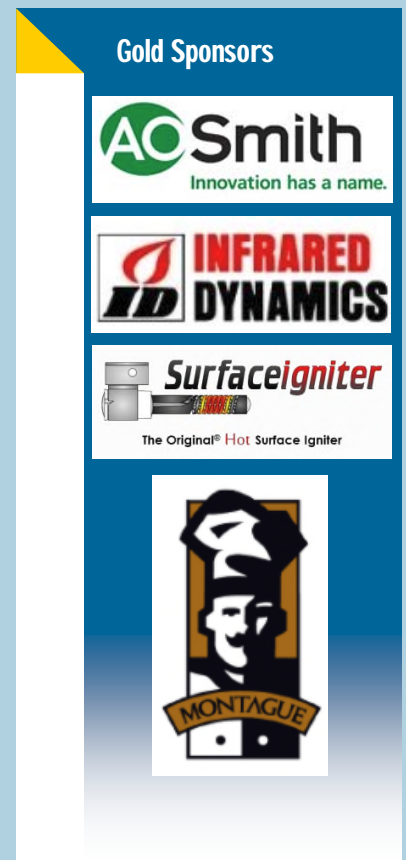

Topic: ECM blowers for premix and induced draft applications.

Ted Williams – AGA

Topic: Renewable Natural Gas/ Hydrogen enrichment of Natural Gas.

Brian Weeks – GTI

Topic: Natural Gas from Wellhead to Meter Set. How we get natural gas from the ground and it gets to the meter set.

Please do not forget to sign up for the golf tournament, or sign up for the C.G.E. Exam and order the study guide. Passing the exam will earn you the title of “Certified Gas Engineer”

Reminder: Sign up for the conference before April 30th and receive our Early Bird Discount

We would like to extend our thanks to all of our cooperate sponsors and committee chairs
