CO	11/26/2021	Final	Building, Fire, And Life Safety Code Enforcement And Certification Of Inspectors For Health Facilities Licensed By The State Of Colorado
<p>Establishes the authority of the Division to conduct or oversee the necessary plan reviews, issue building permits, and cause the necessary inspections to be completed related to the provisions of Title 24, Article 33.5, Part 12, C.R.S. This rule is proposed pursuant to this authority and is intended to be consistent with the requirements of the State Administrative Procedures Act, Section 24-4-101, et seq., C.R.S.</p>			
CO	11/26/2021	Final	Regulation Number 22 Colorado Greenhouse Gas Reporting And Emission Reduction Requirements
<p>This regulation establishes mandatory greenhouse gas (GHG) monitoring, recordkeeping and reporting requirements for owners and operators of certain facilities that directly emit GHGs, and retail or wholesale electric service providers.</p> <p>Suppliers will be required to report GHGs based upon the quantity that would be associated with combustion or use of the products supplied.</p>			
NV	11/23/2021	Proposed	Establishes Methods And Programs Relating To Expanded Solar Access Programs
<p>The proposed rule establishes limits on the amount of energy which may be allocated to certain categories of customers under the expanded solar access program.</p> <p>It also requires an electric utility to: (1) submit an expanded solar access program plan to the Commission every 3 years; and (2) file with the Commission an informational report regarding the expanded solar access program on or before March 1 of each calendar year following the calendar year in which the Commission approves the initial expanded solar access program plan of the electric utility. Section 11 requires the utility scale solar resources included in the expanded solar access program plan to be approved by the Commission as part of the electric utility's triennial resource plan. Section 12 of this regulation establishes the information which an electric utility is required to include in its expanded solar access program plan.</p>			
VA	11/22/2021	Notice	Virginia Industrialized Building Safety Regulations
<p>The Board of Housing and Community Development intends to consider amending 13VAC5-91, Virginia Industrialized Building Safety Regulations. The purpose of the proposed action is to update the model codes and standards developed by the International Code Council referenced in the Virginia Industrialized Building Safety Regulations (IBSR) from the 2018 editions to the 2021 editions. The IBSR must be updated each time the Uniform Statewide Building Code is updated to ensure that industrialized buildings meet the same minimum standards as site-built structures.</p>
