<u>SB 48</u>	CA	"Water and Energy Savings Act."	Josh Becker	amended	3/30/2023

This bill provides that it is the intent of the Legislature to enact subsequent legislation to create building performance standards for improvements in energy efficiency and reductions in the emissions of greenhouse gases in large buildings, including measures to ensure that making the necessary investments to improve these buildings will improve equity and avoid displacement or increased energy burdens.

<u>HB</u>		"Electric Vehicle Charging And		Committee	
<u>23-1233</u>	CO	Parking Requirements"	Tisha Mauro	of the Whole	3/29/2023

This bill would require the state electrical board to adopt rules requiring compliance, starting January 1, 2024, with the provisions of the model electric ready and solar ready code that require multifamily buildings to be electric vehicle (EV) capable and EV ready and to have EV supply equipment installed. The board cannot adopt rules that prevent the installation or use of EV charging stations except for safety concerns. The bill also broadens the prohibition on landlords unreasonably preventing the installation of EV charging equipment in leased premises to include assigned or deeded parking spaces, parking spaces accessible to tenants, and commercial rental property. Landlords are also required to allow EVs or plug-in hybrid vehicles to park on their premises. It also extends the prohibition on common interest communities unreasonably prohibiting the installation of EV charging equipment to include assigned or deeded parking spaces accessible to unit owners. Local governments must count parking spaces served by an EV charging station as at least one standard automobile parking space and any wheelchair-accessible van parking served by an EV charging systems from property tax until 2030.

State	Pub. Date	Туре	Title
			Standards Of The National Fire Protection Association
FL	3/22/23	Proposed	And Other Standards Adopted

The rule requires the State Fire Marshal to update, by rule, the Florida Fire Prevention Code every three years. The State Fire Marshal to adopt the current editions of the National Fire Protection Association's (NFPA) Standard 1, the Fire Code, and NFPA Standard 101, the Life Safety Code®, by reference. The proposed amendments will update the Florida Fire Prevention Code to include the most recently adopted NFPA standards and promulgate the triennial update of the Florida Fire Prevention Code.
