RI HB 7893

Title: An Act Relating To Health And Safety -- State Building Code (Establishes Building Safety Code Standards For Multi-Dwelling Buildings And Requires The Development Of Recommendations For Resolving Any Conflicts Between Fire Safety Codes And The Building Codes.)

Current Status: Considering

Introduction Date: March 04, 2024

Last Action Date: Referred to Senate Housing and Municipal Government. June 07, 2024

Summary: This act would require the state building standards committee to amend the state building code to include multiple dwellings with six dwellings or fewer under the same section as one- and two-family dwellings. This act would also require the state fire marshal and the state building commissioner to develop recommendations for resolving any conflicts between fire safety codes and the building code. In addition, this act would require the state fire marshal and the state building commissioner to develop recommendations for standards that enable a single-exit stairway to serve multiple-dwelling buildings up to six stories in height. This act would take effect upon passage.

DE SB 289

Title: AN ACT TO AMEND TITLE 16 AND TITLE 29 OF THE DELAWARE CODE RELATING TO ENERGY CONSERVATION.

Current Status: Considering

Introduction Date: May 08, 2024

Last Action Date: Re-Assigned to Natural Resources & Energy Committee in House. June 06, 2024

Summary: This bill requires county and municipal building and plumbing codes to follow the latest version of the International Energy Conservation Code (IECC) within a year of adoption by the Delaware Energy Office, unless noted otherwise. However, local authorities can choose to adopt more stringent codes from organizations like ASHRAE and ICC. They can also establish alternative ways to comply with these codes through administrative or regulatory methods.

CA SB 1152

Title: State Fire Marshal: fire safety: regulations: lithium-based battery systems.

Current Status: Considering

Introduction Date: February 14, 2024

Last Action Date: Referred to Com. on E.M.. June 03, 2024

Summary: This bill focuses on fire safety regulations for lithium-ion batteries in California. The bill requires the State Fire Marshal to propose updates to the fire standards for lead-acid and nickel-cadmium battery systems to also include identical requirements for lithium-ion batteries. These updates must be proposed before the next triennial edition of the California Building Standards Code adopted after January 1, 2025. The Legislature intends that no additional requirements, beyond those described in the bill, are included in the updated battery requirement regulations.

NH SB 437

Title: relative to local authority to amend the state building code.

Current Status: Passed

Introduction Date: December 12, 2023

Last Action Date: Signed by the Governor on 05/31/2024; Chapter 0040; Effective 07/01/2024. June 03, 2024

Summary: This bill relates to local authority to amend the state building code in New Hampshire. The bill requires that all local ordinances amending the state building code comply with the procedures in law for review and approval of additional local regulations to the state building code established in RSA 155-A. The bill specifies that additional local provisions adopted prior to July 1, 2024, must be submitted for review to the state building code review board and re-adopted through the local process before being enforced. The bill also clarifies that buildings, building components, and structures must comply with all applicable state or local building and fire code requirements, land use restrictions, and historic district laws or ordinances. The effective date of this act is July 1, 2024.
