Building Code Alerts Bills

2 Bills

NH SB 599

Title: relative to the state fire code.

Current Status: Passed

Introduction Date: February 02, 2024

Last Action Date: Signed by the Governor on 06/14/2024; Chapter 0094; Effective 08/13/2024. June 20, 2024

Summary: The "New Hampshire Fire Code" bill adopts the references of the 2021 editions of both the Life Safety Code, NFPA 101, and the Uniform Fire Code, NFPA 1, as published by the National Fire Protection Association. This adoption is endorsed by the state's fire control board and ratified by the general court under RSA 153:5. Any other national or model codes, or standards cited within these given codes will become part of the state fire code unless amendments are made accordingly under RSA 153:5.

NC SB 166

Title: 2024 Bldg. Code Regulatory Reform.

Current Status: Considering

Introduction Date: February 27, 2023

Last Action Date: Placed On Cal For 06/24/2024. June 20, 2024

Summary: This bill amends various North Carolina building codes and reorganizes the Building Code Council. It provides that a political subdivision shall not adopt local fire prevention code provisions which apply to dwellings subject to the North Carolina Residential Code which are not prescriptively required by the North Carolina Residential Code. The bill additionally decreases the membership of the Building Code Council from 17 to 13 with certain positions being appointed by the General Assembly instead of the Governor.

Building Code Alerts Regulations

1 Regulations

Part 510 to Title 21 NYCRR

Title: Cost-effectiveness Of Energy Code Updates

Type: Final

Citations: Part 510 to Title 21 NYCRR

Agency: New York State Energy Research and Development Authority

Publication Date: Jun 18, 2024

Summary: This rule aims to establish a methodology for determining whether the life-cycle costs for a building will be recovered through savings in energy costs over the design life of the building under a lifecycle cost analysis, define secondary or societal effects to be considered in the cost effectiveness determination, and provide a method for quantifying the societal effects so that they can be added to the lifecycle costs.
