Title: Maine Uniform Building And Energy Code - Commercial Building Code Of Maine

Type: Proposed

Citations: 16-642 Ch. 3

Agency: Department of Public Safety

Publication Date: Jul 31, 2024

Summary: This proposed rule establishes the Commercial Building Code component of the Maine Uniform Building and Energy Code “MUBEC.” The provisions of this chapter are based on a nationally recognized model building code published by the International Code Council, Inc., and is made part of the MUBEC through incorporation by reference. This chapter also contains requirements for the enforcement of the Statewide Commercial Building code by local building officials.

Location: US-ME

16-642 Ch. 1

Title: Maine Uniform Building And Energy Code – Administrative Procedures

Type: Proposed

Citations: 16-642 Ch. 1

Agency: Department of Public Safety

Publication Date: Jul 31, 2024

Summary: The Maine Uniform Building and Energy Code (MUBEC) sets the rules for building construction across Maine, aiming to create consistent standards statewide. The code is established by the Technical Building Codes and Standards Board and includes various guidelines from the International Energy Conservation Code (IECC) and standards from the American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE). Key elements include energy conservation and ventilation standards for both residential and non-residential buildings. The 2021 IECC and the 2019 editions of ASHRAE's standards for indoor air quality and energy efficiency are incorporated.
