CA SB 1152

Title: State Fire Marshal: fire safety: regulations: lithium-based battery systems: telecommunications infrastructure.

Current Status: Considering

Introduction Date: February 14, 2024

Last Action Date: Read second time. Ordered to third reading.. August 20, 2024

Summary: This bill focuses on fire safety regulations for lithium-ion batteries in California. The bill requires the State Fire Marshal to propose updates to the fire standards for lead-acid and nickel-cadmium battery systems to also include identical requirements for lithium-ion batteries. These updates must be proposed before the next triennial edition of the California Building Standards Code adopted after January 1, 2025. The Legislature intends that no additional requirements, beyond those described in the bill, are included in the updated battery requirement regulations.

Location: US-CA
