Agency: Oklahoma Uniform Building Code Commission

Publication Date: Dec 16, 2024

Summary: The Oklahoma Uniform Building Code Commission (OUBCC) has proposed adopting the 2024 editions of the International Building Code (IBC), International Fire Code (IFC), International Existing Building Code (IEBC), International Fuel Gas Code (IFGC), International Mechanical Code (IMC), and International Plumbing Code (IPC) as the minimum statewide standards for commercial construction, fire safety, and plumbing. The proposal includes Oklahoma-specific modifications to certain chapters and repeals provisions from the 2018 editions that are no longer needed. Chapter 1 of each code would be adopted only to the extent it does not conflict with other laws or established enforcement policies.
