

Introducing our 2026 AGA Playbook

We are pleased to share AGA's 2026 Playbook. Some quick sneak peeks at a few topline numbers:

- We continue to add an average of **more than one new residential customer every minute**, with 189 million Americans and 5.8 million businesses using natural gas.
- America's natural gas utilities spend **\$37 billion every year** on enhancing the safety of natural gas distribution and transmission systems.
- Emissions from natural gas distribution pipelines are down **70% since 1990**.
- The average natural gas household saves **\$1,030 per year** compared to their all-electric equivalent.
